RoHS (Restriction of Hazardous Substances) Statement

Dear Customer,

The Directive 2011/65/EU restricts the use of lead (Pb), mercury (Hg), cadmium (Cd), hexavalent chromium (Cr VI), PBB, PBDE, DEHP, BBP, DBP and DIBP in electrical and electronic equipment.

Based on certificates what Stalatube Oy have received from the steel suppliers, Stalatube Oy certifies that all manufactured stainless steel hollow sections are in conformity with the requirements laid down in Annex II of the above mentioned Directive (2011/65/EU). The stainless steel hollow section is thus permitted to use in electrical and electronic equipment. Stalatube Oy products are compliant with the European Union Directive 2011/65/EU (RoHS2).
