**RoHS (Restriction of Hazardous Substances) Statement**

Dear Customer,

The Directives 2011/65/EU and 2015/863/EU restrict the use of lead (Pb), mercury (Hg), cadmium (Cd), hexavalent chromium (Cr VI), PBB, PBDE, DEHP, BBP, DBP and DIBP in electrical and electronic equipment.

Based on certificates what Stalatube Oy have received from the steel suppliers, Stalatube Oy certifies that all manufactured stainless steel hollow sections, components and profiles are in conformity with the requirements of the above mentioned Directives (2011/65/EU and 2015/863/EU). The stainless steel hollow sections, components and profiles are thus permitted to use in electrical and electronic equipment. Stalatube Oy products are compliant with the European Union Directives 2011/65/EU (RoHS2 & RoHS3).

Emilia Lempiäinen
